PHEMELO MAKAOTA

Junior Full-Stack Web Developer

Pretoria, South Africa | 074 050 8355 | makaotap2@gmail.com
Portfolio | GitHub: PaulDevOP15 | LinkedIn | Driver's licence: Code C1

PROFESSIONAL SUMMARY

Junior full-stack web developer with completed training at Zaio Institute of Technology and practical experience using JavaScript, React, Node.js, Express, MongoDB and Firebase. Builds responsive interfaces and integrates APIs, authentication, databases and automated workflows. Brings additional experience in IT support, administration and client service, with a focus on problem solving, clear communication and attention to detail. Seeking a junior developer role to contribute to a team and deepen practical software development skills.

TECHNICAL SKILLS

Front end: HTML5, CSS3, JavaScript (ES6+), React, React Router, responsive design
Back end: Node.js, Express.js, REST APIs, authentication and authorisation
Data and integrations: MongoDB, Cloud Firestore, Firebase Authentication, Stripe, n8n
Tools: Git, GitHub, Vite, Netlify | Microsoft Office: Word, Excel, PowerPoint, Outlook

PRACTICAL DEVELOPMENT EXPERIENCE

Developed e-commerce applications using React, JavaScript, Firebase Authentication and Cloud Firestore, implementing product browsing, sign-in, shopping baskets and checkout flows. Integrated Stripe checkout in a learning project. Built a property-listing interface with detail pages, location and guest filters, a price slider and a cost calculator.

Implemented appointment-booking features using React, Node.js, Express and MongoDB, including service selection, availability checks, booking conflict handling, admin authentication and email notifications, as part of a salon website in development. Created a React feedback form connected to n8n and Firestore to validate submissions, classify ratings, store responses and send confirmation emails. Worked across interface development, backend integration and debugging.

EDUCATION
